Subject	
Five-year Master Plan – Deferred Maintenance Report for Fiscal Year 2020–21	

Summary and Recommended Action

Facilities Services staff is submitting a draft of the *Five-year Master Plan – Deferred Maintenance Report for Fiscal Year 2020–21* for action to submit to the state Department of Finance (DOF). This draft report presents a total of 23,268 deferred maintenance projects at an estimated, rough order of magnitude cost of \$5.2 billion, with the Judicial Council share being \$4.1 billion.

As you are aware, in 2019 staff completed Facilities Conditions Assessments (FCAs) for the majority of occupied court facilities. The FCAs were funded from the one-time, General Fund of \$5 million available that year for statewide deferred maintenance funding in (Control Section 6.10 of) the 2018 Budget Act.

The newly completed FCAs generated more accurate deferred maintenance data for each courthouse assessed. The increase in the deferred maintenance costs from \$2.3 billion to \$5.2 billion is primarily attributed to the more current data. Other factors such as cost escalation and the continued aging of our facilities also factor into the cost increase. The attached exhibits provide the estimated project cost totals and Judicial Council's total as a result of county equity/ownership.
